GRAPHIC CODES

CAPSULE-14-G - Single Sided
Single sided Capsule only has 2 oval panels printed
Total graphic area: 178”w X 82”h
Total visual area: 168”w X 72”h
This template represents both sides of the structure.

CAPSULE-14-GDBL - Double Sided
Front dimensions for Capsule
Total graphic area: 178”w X 82”h
Total visual area: 168”w X 72”h
Back dimensions for Capsule
Total graphic area: 178”w X 82”h
Total visual area: 168”w X 72”h
Outer perimeter panel dimensions for Capsule
Total graphic area: 428.2”w X 28”h
Total visual area: 418.2”w X 18”h
This template represents both sides of the structure and entire outer perimeter panel. Please note that the outer perimeter panel will wrap around the outer edge of the oval and will be seamed together on the top and bottom of the structure.

We recommend that the outer perimeter printed graphic be created as either a solid color or pattern for better finishing. If text or critical information must be on this panel, please make sure it is within the gray rectangles on this template as they indicate the flat top and bottom edges of the capsule.

Please be sure to include the 5” bleed around the perimeter to compensate for the finishing of the graphics. Do not design any critical elements (text, logos, etc.) within 1” of the edge (see dotted lines).

General Artwork Guidelines
- cmyk color mode
- do not embed images, supply them
- resolution must be 100-120 ppi
- all fonts must be created to outlines
